Who We Are

Located in Center Township, InSkin Laser & Body delivers the most advanced, least invasive medical aesthetic treatments to keep you looking young and beautiful. Relax and enjoy while you take advantage of our breakthrough anti-aging treatments. Complemented with paramedical skin care products, InSkin delivers you real predictable results. Treatments are safe for all skin types with little to no down time.

Why Choose Us

Our Med Spa was designed with genuine passion to help others achieve their aesthetic goals. We place the utmost attention to detail to provide the most innovative products and services with our clients in mind. Priding ourselves on relationship building during our consultation and treatment process to ensure you meet your goals will provide you the ultimate anti-aging experience.

Our Staff

Med Spa Director Diane Buckenheimer, a Pennsylvania Board Certified Esthetician, Certified Skin Care Products and Laser Specialist brings many years of technical and professional experience to every consultation & treatment plan.

Medical Director Carl S. Sestito MD has been practicing in Beaver County since 1996.

Consultations

Perhaps the most important part of any cosmetic treatment visit will be your consultation. InSkin will empower you through proper education to feel confident in our skills and technology to meet your needs and expectations. Your visit will include a personalized consultation to evaluate your goals, review your skin and health history and recommend effective treatment options. With a detailed skin evaluation and treatment recommendation we will discuss the entire treatment process including pre and post treatment instructions. Effective skincare regimens will also be provided so you meet your goals. Your questions and comments are always welcome and a vital part of the process.

Services

Laser Hair Removal

Tired of Razor bumps, ingrown hair, shaving, waxing and plucking? InSkin offers the "Gold Standard" with powerful yet gentle laser hair removal for all skin types, saving you hundreds of dollars in razors, shaving creams and waxes. Treatments include facial, leg, underarm, chest and men's back and neck hair.

Body Contouring

Eating well and exercising but still not getting the results you want? Body contouring with InSkin's Venus™ Concepts treatments are a safe, non-surgical solution for shrinking those stubborn fat cells and stimulating collagen growth, allowing you to reduce hard-to-burn fat reserves. The results are significantly reduced cellulite and wrinkles for more youthful skin.

Skin Rejuvenation

Unhappy with the appearance of your skin? Our Venus™ Concept Viva, IPL and Diamond Polar services deliver the most advanced, non-invasive photo facial, skin tightening and contouring for the face and body. Breakthrough anti-aging treatments work to repair your damaged skin and improve the appearance of scars, rosacea, age spots, irregularities, stretch marks and deep wrinkles.

Facials and Skin Care

Not ready for the hi-tech answer or just looking for a good skin care regimen? We have you covered. Our innovative skincare products are the most advanced available. The DMK skincare system of enzyme treatments work with your skin to resolve conditions such as acne, aging, pigmentation and scarring. Relax and enjoy while our facial removes dead cells, oxygenates and detoxifies your skin for therapeutic results that last!
